PURPOSE

We share stories for the purpose of **helping children see Jesus!**

**GRAPHIC
ARTIST:
JOSHUA DAY**

Series is a comprehensive Bible **doctrine** study for children that carries them all the way from Genesis to Revelation. Through its **312 illustrated lessons**, children hear the Gospel message again and again while receiving core teaching necessary for their growth in Christ.

Since the series inception, missionaries and nationals have translated all or parts of the series into over **eighty languages!**

For instance, in **Mongolia**, the entire series has recently been translated and is being prepped for printed and distributed among the Bible-believing churches

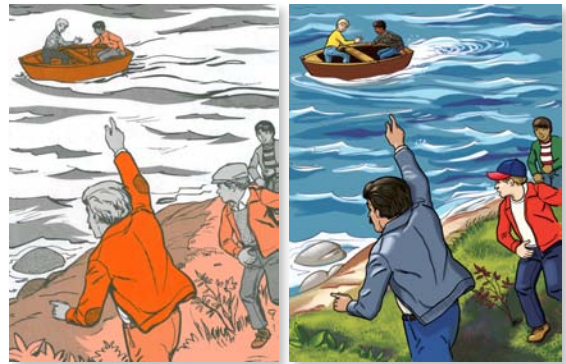

there. According to national pastors, they have never had a comprehensive Sunday School curriculum for children in the Mongolian languages!

The **True Colors Project's** aim is to take this illustrated and doctrinally-solid series and to update it into vibrant full-color!

Each volume that is updated enhances the curriculum's ability to capture children's attention and to focus it on the Word of God.

Through colorization, not only will the print volumes be updated, but digital formats as well. Thanks to the introduction of BVI's download formats (2012), this Bible lesson series is being accessed by ministry partners worldwide in multiple languages.

Graphic Artist **Joshua Day** has assigned to this project to update Old Testament Volume 8 on the Providence of God. Joshua has been associated with Bible Visuals International for many years. He most recently updated **Where the River Begins** from BVI's story collection.

If you would to support this project financially, you can send designated checks to BVI or you can make an online donation by going to www.biblevisuals.org and to the **PRODUCTION PROJECTS** section.

BIBLE VISUALS INTERNATIONAL

BVI is a not-for-profit 501(c)(3) ministry that exists to produce and provide visualized children's curriculum to ministry partners worldwide for the purpose of **Helping Children See Jesus!**

BVI produces materials in print and digital formats to meet different ministry needs.

BVI has materials available in over 80 languages
