

# Helping Children See Jesus!

## THE PROJECT

To produce a 40 illustration, five chapter biography that teachers can use in children's ministry and that parents can use with their children at home.

## THE STORY

**Elinor Young** was diagnosed with polio as a young girl. Despite her physical limitations she felt the Lord calling her to serve as a missionary in a foreign field. She would eventually go to Irian Jaya, Indonesia. There she lived among the Kimyal tribe and helped translate the New Testament into their language. In a beautiful display of God's glory, God used her "bad legs" to show the greatness of God's love for the Kimyal people. Now, we'd like to share that story with children around the world.

## THE MISSION

To create gospel-focused visualized resources and to supply them to ministry partners worldwide with the purpose of "helping children see Jesus!"

# The Cost

To produce and print a visualized story of this size we will need approximately **\$22,000**.

This will cover:

- freelance author and illustrator expenses,
- staff labor on the project
- the initial cost of printing at least 1000 copies in our flashcard format.

# The Call

Missions isn't just about declaring God to the nations. It's also about declaring God to the generations.

This is one way to be invested in that work.
