Helping Children See Jesus through Bible lessons, mission and salvation stories, and hymns in printed flash card volumes, books and digital media.
Dear Ministry Partners:

Our goal at Bible Visuals International is to support both the home and the church in ministering to children. God has commissioned both institutions to teach truth to each new generation but where, when and how that teaching happens differs.

- Maybe you’re a parent? Take a look at our all new Family Format (See Page 35). These 8.5” by 8.5” bound books are perfect for you to read to your children or to use as part of your family devotions. Share stories of God’s grace throughout the ages!
- Maybe you’re a Sunday School, VBS, Christian School or Bible Club teacher? In a group setting, our flashcard books provide you with larger visuals (8.5” by 11” to 10” by 14”) that you can hold up to display.
- Maybe you prefer using computer technology in your teaching. Our PowerPoints work great on tablets, TVs, laptops and digital projectors. For especially large groups, they can ensure that every child can see the illustrations as you share biblical truth.
- Maybe you live and serve abroad? Here at Bible Visuals International we are intentional about reaching children around the world. Take a look at our translations list. We have teaching texts in languages from Amharic to Zamb!

Our printed materials can be shipped around the world, but BVI resources can also be downloaded as PowerPoints and printable PDFs. And now BVI is working with distributors like Christian Book Distributors (CBD) and Amazon to provide you our resources when and where you need them.

Wherever you are and whatever your teaching setting, we focus on supplying three main types of resources.

**Bible Lessons**—Our 312 lesson Visualized Bible Series goes from Genesis to Revelation and provides a comprehensive Bible curriculum for teaching doctrine to children. Our Gospel Bible lessons especially focus on the good news of the Savior and serve as tools for evangelism.

**Stories**—Our visualized stories include salvation stories, biographies, and Christian literature classics all adapted for children’s ministry use. These stories share the gospel and show what God’s work looks like as He draws to Himself people of every tongue and nation.

**Hymns**—Our visualized hymns share God’s truth to children in a memorable way and through many classics teach children about the heritage of our faith.

Many resources, many formats, but one main goal—help children see who Jesus is, trust in His saving work and grow in Him as they live lives of faith.

Tom Luttmann—Executive Director

The Visualized Bible Series is a Genesis to Revelation Bible curriculum that goes far beyond just sharing Bible stories and takes children deep into the meat of God's Word. Each of the 78 volumes focuses on a doctrinal topic and presents it through four engaging lessons with simple language and vibrant illustrations to aid in learning. Use the series for a six-year Sunday cycle or pick certain volumes to cover particular topics.

NOTE: The curriculum designers intentionally minimized American idioms in this series so that it could more easily be translated and used abroad. Take a look at our TRANSLATION section online to find out what's available.

Extra Teaching Materials
Activities and Coloring Pages
Teaching activities are being developed for all volumes. Activity sheets provide at least two activities per lesson to reinforce the lesson using games, sword drills, review questions, puzzles, word searches and more. These activities will be included FREE with purchase of corresponding volume on the updated full color volumes and are included in the teaching text or on a separate sheet. If you would like the full size ready to print format, see our web store for more information. Please note that additional costs may apply.

The Visualized Bible Series is available in digital formats as well. You can purchase Printable Volume Downloads (in PDF format) and PowerPoint Downloads through our web store which are an excellent resource if you need materials right away. These downloads also include a copy of the teaching text.
We have combined all 78 volumes in PowerPoint Download format on a DVD-ROM which includes many translations for those volumes. This allows you to have access to all the volumes available on one disc.
We are working towards updating all of our Visualized Bible Series to full color as the funds become available. Once they are updated to full color the digital formats are updated and are often available before the 9” by 12” print product becomes available. Check our web store for updates. If you need a print format, it may be available through Amazon in our 8.5” by 11” format before the 9” by 12” format is printed.

Our collection of visualized stories are effective tools to share the Gospel and to testify to children’s hearts that God is sovereign over all people at all times and in all places!

These stories include a number of missionary biographies as well as those of Christians in other walks of life. Other stories are set in foreign countries and serve to highlight the mission fields of the world. Several stories are adaptations of Christian literary classics by well-known authors like Patricia St. John and John Bunyan.

Many stories are multiple chapters in length making these ideal for weekly Bible clubs and ministries. Stories in our Occasion for the Gospel series can be taught in one sitting and correlate to certain holidays.

The Visualized Hymns present illustrations that help teach not only the words of these important hymns but also the meaning of the words and the truths they convey. Children can learn the rich heritage of the Christian faith. Each hymn includes the words in bold type against background illustrations that make them effective teaching tools in a variety of settings. Sheet music is provided for each hymn as well as teaching texts that help teachers provide an explanation of the illustrations and certain words. Some of the teaching texts also include background information about the hymn. These great tools will reinforce truth in children’s hearts and help lead them in worship of our Lord.
