## Helping Children See Jesus

Dear friends,

Read Matthew 28:18-20 and consider these four points related to the Great Commission:

1. ALL POWER—Jesus has all authority to save and to judge.
2. ALL NATIONS—Jesus calls His followers to go make disciples of all nations or people groups.
3. ALL THINGS—Jesus’s followers are instructed to teach all that He commanded.
4. ALWAYS—Through His Spirit Jesus is with His followers always until He returns.

Each of these points has bearing on our work at Bible Visuals International.

First, our ministry is centered in making known the person and work of Jesus Christ because HE ALONE can save children from the judgement of sin. Whether it’s a **Bible lesson, biography, song or family devotional**, we point to Christ because that is who children need to know.

Second, we work to make our resources available in **print and digital formats** and in **multiple languages** to support the work of making disciples among the nations. Our growing network of **licensing agreements** means that more BVI materials are being printed and distributed abroad to support the church as it exists in the world.

Third, we bring children more than just the fun, narrative portions of scripture. All of God’s Word is profitable for children to hear. BVI’s **Visualized Bible Series** helps children hear the whole counsel of God. Likewise, our new **Family Worship Series** books help families read through entire books of the Bible together considering the entire context.

Fourth, we help children know that Jesus has been working all throughout history in the lives of His people. **True stories** of believers past and present broaden children’s understanding of the church which is empowered by the Holy Spirit.

All these things are with great hope and confidence that another generation will arise who know the Lord and point others to set their hope in Him.

# VISUALIZED BIBLE SERIES

The illustration above is from  
1038 NT Volume 38 *Living By Faith*, Illustration #8

The **Visualized Bible Series** is a Genesis to Revelation Bible curriculum that goes far beyond just sharing Bible stories and takes children deep into the meat of God's Word. Each of the 78 volumes focuses on a doctrinal topic and presents it through four engaging lessons with simple language and vibrant illustrations to aid in learning. Use the series for a six-year Sunday cycle or pick certain volumes to cover particular topics.

NOTE: The curriculum designers intentionally minimized American idioms in this series so that it could more easily be translated and used abroad. Take a look at our TRANSLATION section online to find out what's available.

# VISUALIZED STORIES

Our collection of visualized stories are effective tools to share the Gospel and to testify to children's hearts that God is sovereign over all people at all times and in all places!

These stories include a number of missionary biographies as well as those of Christians in other walks of life. Other stories are set in foreign countries and serve to highlight the mission fields of the world. Several stories are adaptations of Christian literary classics by well-known authors like Patricia St. John and John Bunyan.

Many stories are multiple chapters in length making these ideal for weekly Bible clubs and ministries. Stories in our **Occasion for the Gospel** series can be taught in one sitting and correlate to certain holidays.
